

LABORATORY INFRASTRUCTURE & TECHNICAL FURNITURE

Complete Laboratory Furniture

Full workspace design, supply and installation for compliant laboratories.

DESCRIPTION

Layout design, supply and installation of the whole workspace — benching, storage, services, containment and safety equipment — as one package. Getting the layout right at drawing stage is what decides whether the finished laboratory has a workable flow between sampling, preparation, instruments and waste.

APPLICATIONS

New laboratory build, QC laboratory expansion, university and college teaching laboratories, refurbishment.

METHOD & COMPLIANCE REFERENCE

Layout planned to support the segregation and flow expectations of EU GMP Chapter 3.

SUPPLIED AND SUPPORTED IN BANGLADESH

- Import, customs, delivery, site preparation and installation.
- IQ/OQ qualification, scheduled calibration and validation support.
- Genuine spare parts, consumables and operator training in Dhaka.

Specifications, capacities and model options vary by configuration and are confirmed with each quotation. This sheet is generated from our product catalogue; the full manufacturer datasheet is available on request.
