

DIGITAL LABORATORY PLATFORMS

Enterprise Customization & System Integration

Principal: LabWare

Configuration and integration with instruments, ERP and existing enterprise systems.

DESCRIPTION

Configuration to the way your laboratory actually works, plus interfaces to the instruments, ERP and manufacturing systems around it. Direct instrument capture is what eliminates manual transcription — still the single largest source of data integrity findings.

APPLICATIONS

Instrument interfacing, ERP and MES integration, custom reports and specifications, multi-site rollout.

METHOD & COMPLIANCE REFERENCE

Interfaces validated as part of the system under GAMP 5.

SUPPLIED AND SUPPORTED IN BANGLADESH

- Import, customs, delivery, site preparation and installation.
- IQ/OQ qualification, scheduled calibration and validation support.
- Genuine spare parts, consumables and operator training in Dhaka.

Specifications, capacities and model options vary by configuration and are confirmed with each quotation. This sheet is generated from our product catalogue; the full manufacturer datasheet is available on request.
