

PHARMACEUTICAL TESTING & ANALYTICAL SOLUTIONS

Genuine Consumables & Instrument Spares

Manufacturer-original consumables, spare parts and accessories.

DESCRIPTION

Manufacturer-original consumables, spare parts and accessories for the instruments we supply — vessels, baskets, paddles, capillaries, sieves, electrodes, seals and wear parts. Original parts keep an instrument inside the specification it was qualified against; a compatible substitute puts that in question.

APPLICATIONS

Preventive maintenance, breakdown recovery, consumable resupply under a service contract.

METHOD & COMPLIANCE REFERENCE

Original parts preserve the qualified state of the instrument; substitutions should be assessed under change control.

SUPPLIED AND SUPPORTED IN BANGLADESH

- Import, customs, delivery, site preparation and installation.
- IQ/OQ qualification, scheduled calibration and validation support.
- Genuine spare parts, consumables and operator training in Dhaka.

Specifications, capacities and model options vary by configuration and are confirmed with each quotation. This sheet is generated from our product catalogue; the full manufacturer datasheet is available on request.
